Dear Tonya and Jodi,

Thank you for your support of Project Connect Lincoln. Your student time/talent was used to assist hundreds of our community's most vulnerable people. Our total number of participants at this year's event was near to 400!

The Lincoln Homeless Coalition greatly appreciates the support you and your students have provided to Project Connect. Your team stepped up and filled the foot clinic gap. Those services would not have been available if it wasn't for you and SCC! Your students worked together beautifully, and again, the collaboration between them and Dr. Wenke, was amazing.

The Lincoln Homeless Coalition is dedicated to addressing the issues of homelessness and near-homelessness in our community through activities such as Project Connect Lincoln. Without your help this event would not be possible. Thank you for supporting the many families and individuals struggling with homelessness in our community!

Sincerely,

Jane Binyon
